DE TOUS ÂGES**

PRESENTATION OF THE MAISON THÉÂTRE

The Maison Théâtre is an association of 29 theatre companies working throughout Quebec. Its mission is to present significant theatrical works to young audiences, and to promote the development and image of theatre for children and young people.

A LEADING INSTITUTION ON THE MONTREAL THEATRE SCENE SINCE 1984

The Maison Théâtre is a performance hall specializing in theatre for children and young people. Located in the heart of Montreal's Quartier des spectacles, it has been programming a selection of the most significant works of theatre from home and abroad, each year since 1984. It welcomes some 52,000 spectators, either with their families or in school or pre-school groups, to hundreds of performances held each season. Residing since 1997 in a venue that has been specially designed to meet the needs of young audiences and the artists performing for them, and presenting performances since 2013 in a hall dedicated to more intimate or experimental shows, the Maison Théâtre is a leading institution on the Montreal theatre scene.

Over and above its programming — consisting of 15 different shows in 2019-2020 —, each year, it also offers a range of theatrical outreach activities for children and adults. These awareness activities help bring spectators closer to theatrical works. The Maison Théâtre is therefore a key point of contact between spectators and artists, as well as between all participants involved in youth theatre.
